- German (A1+)

PROFILE

Full-Stack Developer skilled in .NET 8, ASP.NET, Next.js, React, and TypeScript. Experienced in integrating frontend and backend systems, managing databases with Prisma and SQL, and building clean, maintainable architectures.

WORK EXPERIENCE

Full-Stack Developer (Personal & Academic Projects)

Self-driven / Ongoing

- Developed full-stack web applications using .NET 8, C#, ASP.NET for backend APIs and Next.js, React, TypeScript for frontend interfaces.
- Integrated frontend with backend APIs, ensuring seamless data flow and user-friendly interactions.
- Managed databases with Prisma and SQL, including schema design, queries, and migrations.
- Implemented file uploads and product image management for web applications, storing files efficiently and linking them to database records.
- Worked in Dockerized environments, configuring containers for development and testing.
- Focused on clean, maintainable code and scalable application architecture.
- Additional Projects & Highlights
- Built and deployed multiple personal and academic projects demonstrating proficiency in full-stack development.
- Gained hands-on experience with RESTful APIs, authentication, and state management in modern web applications.
- Continuously learning and applying new technologies to optimize workflows and application performance.

EDUCATION

IT Step Academy - Full-Stack Development Courses 2022-2025
Software Developer | IT Step Academy

Bachelor of Architecture - BArch 2022--2026
Technical College | NUWMN - College
